

**Wednesday March 27
Room 137 at 8:00 AM**

My name is Patrick E. McCain

Please oppose HB629!

This water compact needs to be equitable and fair to all concerned! Changes were being made to the Compact up into mid-February! It is a long document that will have broad, important impacts on the state of Montana and its citizens. A bit more due diligence on this compact should not be too much to ask, as Senator Jackson's bill requests.

Thank you!
